

ALL OUR COLORS ARE GREEN™

Choose From Our Rainbow Of Colors.

At Crown Polymers, you can choose any color you like, because every color we make is "green".

Years ago, Crown Polymer scientists recognized the importance and potential of environmentally sensitive products. So, Green products are nothing new at Crown.

The Company began making zero VOC/HAP products long before the benefits became widely known. Today, Crown works closely with architects and builders to create environmentally friendly flooring surfaces.

Crown products earn LEEDS points by improving indoor environmental quality, reducing maintenance costs and, in certain combinations, creating energy savings in some buildings by as much as 5 to 20%

Crown is unique among competitors because of its ability to promptly apply its technical knowledge and creative muscle to provide industry leading products.

In addition to innovative products, Crown Polymers provides prompt and professional customer service from the industry's most qualified technical support team, a team dedicated to being the best in the business.
