CrownShield®SL

OUR LEVEL BEST

Self-Leveling Overlays Solve Problems.

Crown Polymers offers an extensive line of traditional and innovative polymer self-leveling floor overlay products.

CrownShield SL can be installed 3,000 to 5,000 square feet per hour without troweling, yielding substantial labor and material savings, resulting in competitive cost advantages over other systems.

Announcing CrownCove™

New for 2008! Our vastly improved precast cove system. Saves time and money. Looks the same, start to finish.

Call for complete details!

Concrete surfaces with cracks, low spots or other flaws can easily be restored as part of a complete system. The result is a smooth surface that can be beautifully transformed with one of the many distinctive Crown decorative products or protected by any of Crown's virtually indestructible industrial or decorative floor overlays.

Expert specifiers and savvy contractors know that problems with concrete surfaces can be easily resolved by application of one of the superior self-leveling floor overlay products manufactured by Crown Polymers, the industry leader.

Significantly, Crown products are "green" and earn LEED® points by improving indoor air quality and reducing maintenance costs.

Crown Polymers provides prompt and professional customer service from the industry's most qualified technical support team - a team dedicated to being the best in the business.
