

John Craft, President
ICR Sales & Service, Ltd
Saint John, New Brunswick, Canada

"Crown's quality is what first attracted me. They provide us with top-notch products and a broad selection. In addition to Crown's great products, I've come to appreciate the backup we get from their support staff. I'm one of many who feels the Crown technical experts are the best in the business. An added plus is the "Polymer Overlay College™". Crown's on-going training is frosting on the cake."

WIND IN YOUR SALES

NAVIGATE THROUGH ECONOMIC HEADWINDS

Sail smoothly into profitable waters.

Chart a course to increased profits with Crown Polymers' extensive line of "Green" floor and wall overlay products.

Architects and contractors alike know that the pros at Crown Polymers have the sales, marketing and technical savvy to assist with planning and implementation phases of virtually any decorative or industrial project.

In addition, Crown's knowledgeable staff shares their expertise with contractors at the highly regarded, hands-on "Polymer Overlay College™". Attendees learn the practical techniques regarding concrete repair, placement of floor and wall polymer overlays and how to effectively market and sell Crown's unique line of products.

Crown Polymers offers many advantages that clients value and competitors imitate. Crown products also generate LEED® points and are ideal for commercial, residential, industrial & institutional applications where fashion-forward, durable, easy to clean & maintain floors are required.

Crown Polymers' specialists provide responsive customer service and the industry's most qualified technical experts.

The Crown Polymer team promises to provide the best products and service in the business. For more information, call today or visit us online at www.crownpolymers.com
