

Crown Polymers Press Releases 2008

CrownCove™ **Pre-Cast Coving Makes Installation Fast & Easy.**

CrownCove™ is a superior product, simple-to-install and saves time & money. This coving system virtually eliminates the need for skilled labor, resulting in substantially lower installation cost and higher profits. Once in place, CrownCove™ forms a monolithic bond to the concrete. Polymer and cementitious floor products provide a consistent seamless floor to wall transition, creating a consistent look and an easy to maintain sanitary floor.
