

Crown Polymers Press Releases 2009

Crown Mother-of-Pearl™ New Luxurious Mother-of-Pearl Floor

Discover the luxurious effect created by “Crown Mother-of-Pearl”, one of Crown Polymers’ most recent breakthroughs in the decorative polymer floor overlay category. Crown Mother-of-Pearl™ creates stunning results in environments where a sophisticated pearl-essence effect is desirable. LEED® “Green” Crown Mother-of-Pearl overlays feature a beautiful luster created from semi-transparent pigments that exhibit a silky luminous shine. Perfect for salons, fashion retailers, spas, pool decks, hotels, residential installations and other environments where beautiful and dramatic flooring is a must. Architects, Interior Design professionals as well as fashion-forward contractors will recognize many settings where Crown Mother-of-Pearl™ will create a stunning effect that is available in numerous colors, sure to please even the most discerning customer.
